COUNTY NEWS IN REVIEW

Long Wait

Widening and separation of Bayshore highway must wait until funds are available at the 1941 biennium of the state, according to the highway committee of the California State Chamber of Commerce last week.

Traffic counts show a daily load of 59,000 cars on county highways, already a serious situation, being rapidly aggravated by population gains.

"Cow Palace"

Although San Francisco's WPA coordinating committee flatly refused recently to advance $50,000 toward completion of the "cow palace" at Bayshore City, Mayor Rossi last week announced that he is seeking to obtain state funds for completion of the structure.

Peninsula Publicity

More than 50,000 copies of Shell touring folders, each devoting three full pages to attractions on the Peninsula, were distributed to 500 dealers in the bay area last week, according to the advertising committee of S. F. P. I, which assisted with their preparation.

Entitled "Finger Tip Tours Around San Francisco Bay," the folders contain detailed information about the Peninsula.

Electric Train

Agitation for a high-speed suburban electric railway service between San Franscisco and the Peninsula, advocated periodically for nearly two decades, will be renewed again this week.

San Francisco supervisor John M. Ratto declared that he would outline such a suburban system, entering the Bay Bridge terminal on overhead tracks, when the San Francisco and Peninsula authorities meet to discuss mutual transportation problems.

Sheriff's Posse To Ride at Fiesta

Bringing entertainment features to an all-time high, the sheriff's posse of San Mateo county will ride in an exhibition of fine horsemanship at the fiesta and rodeo at Bay Meadows, September 21-24, it was announced this week by Bruce Gibson, president of the county fair association.

Numbering 31 riders, the posse has established a reputation in California for the outstanding excellence of its riding, roping, and the intricacies of its drill formations.

Officers of the group include Eddie Allen, Daly City, as second lieutenant and Victor Rossi, Colma, flag-bearer. Other officers are John Patrick Lawson, Bayshore City, captain; Frank Ratto, San Francisco, second captain; Dennis Nolan, San Mateo, first lieutenant.

According to Captain Lawson, the group comprises a "working posse" of experienced horse and cattlemen which puts the ban on trappings and specialize in displays of difficult horsemanship.

The posse will open the fiesta with their performance Thursday night, September 21.

Fiesta Bumper Strips Given Auto Owners

Chester P. Lipman, secretary-manager of the San Mateo County Fiesta and Rodeo at Bay Meadows, September 21-24, sent out an urgent appeal today to car owners to display bumper strips advertising the Fiesta on all trucks and automobiles.

The strips are available here at the Daly City water department in the city hall, it was stated.

Local Graduate Wins Scholarship

August E. Zipse, son of Mr. and Mrs. August Zipse sr., 286 Acton street, was last week announced winner of a 4-year resident scholarship from the St. Mary's College Guild, awarded in competitive examination with 75 seniors from bay region parishes.

Other winners were Kevin P. Wall and Robert G. Tompkins, graduates of St. Ignatius high school, and Francis N. Hughes, Napa.

Zipse is a graduate of St. Peter's, holding the position of student body president there. The four scholarships were valued at a total of $12,000.

Judges were Reverend James Long, superintendent of archdiocese schools, Brother Leo, Brother Alfred and Reverend Joseph Manning of the St. Mary's faculty.

Similar scholarships will be awarded annually by the Guild from proceeds of a series of lectures by Brother Leo in the Opera House.

Flower Shipment Doubles Since 1934

San Mateo county cut flower shipments, one of its major industries, may double 1934 figures this year!

The 100 per cent gain in five years was predicted this week by County Agricultural Commissioner Max J. Leonard, who said that activity in the flower industry to date has exceeded anything in his experience. Last year set a record which is almost certain to be eclipsed when the "big push" of the chrysanthemum industry reaches its peak in September and October.

At present, he said, shippers are busy with the small 'mums, pompons and singles, and miscellaneous shipments.

Reducing the estimated annual shipments to carlots, Leonard anticipated that the 1052 mark may be passed in 1939.

Groups of local boys like these pictured above deserted playgrounds, diamonds and courts this week in favor of classrooms and books. Summer vacation for 1939 is over and more than 2000 students and pupils trooped back to high, grammar and parochial schools.

Through Street Meets Opposition

Today's reports from the city engineer's office indicated that steps are rapidly being made toward the establishment of WPA Project No. 3, that which concerns South End street improvements.

A letter received here by Julius F. Castelan, city engineer, from the Burlingame office of the Works Progress administration asked for further details of the proposed work and seemed to indicate that favorable action would be taken soon.

In the meantime Castelan learned from an authoritative source that the Division of Highways, District No. 4, will oppose Daly City's application for a railroad crossing at Knowles avenue, on the grounds that such a crossing would interfere with through traffic on Junipero Serra boulevard.

Castelan stated, however, that he had received word from the Railroad Commission that according to Rule 21 in their Rules of Procedure, as soon as requested information had reached them, they would grant the application a formal hearing.

The application was presented last month in response to a growing public demand for a direct connection between Mission street and Junipero Serra at Knowles.

Hope was also expressed in the engineer's office this week that a sub station of the U. S. meteorological service could be established in Daly City to keep records of wind velocity and direction, temperature, barometric pressure and other atmospheric and climatic conditions.

Governor Invites Citizens To State Fair

Commending those who have built the California State Fair into the largest 10-day State Fair in the nation, Governor Culbert L. Olson today urged Californians in every part of the state to attend the annual major event, September 1 through 10.

"This year the State Fair will be greater than in previous years," the governor said. "It will afford much in the way of study of our state's development in all lines of progress. Industrial and agricultural entries will be more in number and the task confronting the directors will be greater

"To the people of California and the nation, I bid you welcome to Sacramento, the Capitol City of California, to enjoy the wonders that will be exhibited at the State Fair."

The affair will be a rich mosaic picture of the State, its variety, its bounty.

Hundreds Enroll In Parochial, Public Classes

Summer vacation over--reading, 'riting, and 'rithmetic in order! More than two thousand boys and girls go back to schools here this week.

The biggest freshman class, 152 members, ever to enter Jefferson Union high school registered Monday. Late registrations may bring first year class total to 175, according to Principal James Ferguson. Enrollment in all classes at the high school Monday topped 660.

Registrations will continue throughout the week, with regular classes organizing their work for the year. Night classes for adults will begin Tuesday evening next week. They will offer the following subjects: Americanism, industrial arts, Italian, physical education (in both swimming pool and gymnasium), shorthand, typing, and bookkeeping. No charge is made for night school enrollment.

Several changes and additions have been made in the teaching staff at Jefferson Union high school. A complete list of the instructors will be published in The Record next week.

Elementary Schools

Hundreds of grammar pupils are back at the seven local elementary schools. District officials estimate that late enrollment will bring totals above last year's high of 1210. There have been no changes in the teaching staffs.

Superintendent of Schools R. L. Crane smiled happily when interviewed and declared, "Contrary to a popular belief that school is less popular than vacation, keen-eyed youngsters are jubilant to get back to classes and are approaching their studies with eagerness. We expect to have a great year."

Parochial School

More than two hundred Catholic boys and girls registered Monday at Our Lady of Perpetual Help parochial school. Sister Leo is the new sister superior. There are two new instructors, Sister Anita and Sister Consolata.

Lembi Reorganizes Indians of Rhythm

Those irrepressible headline smashers, the Indians of Rhythm from the Jefferson Union high school, will storm the public stage again this fall, it was learned today when Dante P. Lembi announced that he would once more take over the job of swing band master.

This decision on the part of the energetic young language teacher who last year trained the best high school dance orchestra in the state, was hailed in all quarters. With new music, new shows, and new players to cut their own slices of fame, in addition to many of the old troupe, this year's Indians of Rhythm will be bigger and better than ever.

The Indians of Rhythm, it will be remembered, were last spring's musical sensation, stampeding such ultra-sophisticated spots as Stanford university and Treasure Island. During the summer even more progress has been noted, with several members graduating into the professional ranks.

DC Council Agrees With Clerk

Daly City council settled down to routine business Monday evening following a series of stormy sessions in recent weeks over the proposed bus system. Except in one communication, the bus proposition was not mentioned during the entire meeting.

Dr. Charles C. Gans, county health director, requested that vital statistics records be kept at his district health office, 7573 Mission street, and that birth and death certificates likewise be issued from his district office. B. C. Ross, city clerk, who now keeps vital statistics records and issues certificates, pointed out that such records were city property and should be kept at the city hall. The council agreed with City Clerk Ross and filed Dr. Gans' request.

Engineer Julius Castelan submitted an agreement he received from the California State Highway department proposing to spend approximately $28,000 on stripe painting and maintenance on Mission street and Junipero Serra boulevard. The appropriation is to come from quarter-cent gas tax funds. The councilmen approved the agreement by unanimous vote.

Old Glory Post, No. 2044, Veterans of Foreign Wars of United States, asked permission to hang a historic picture having a patriotic theme in one of the local public buildings. Permission to hang the picture was granted, and the library was suggested as an appropriate display place for it.

Restyle Big Show To Astound Crowd

The Big Show—Ringling Brothers and Barnum and Bailey—moving on four long railroad trains and carrying 1600 people, 50 elephants, 1009 menagerie animals, hundreds of horses and Gargantua the Great, world's largest and most ferocious gorilla, now displayed for close-up views in the menagerie, will exhibit in San Francisco September 8, 9, 10 at Third and Army streets, with its huge big top air conditioned and restyled in rainbow hues.

Performances will be given at 2:15 and 8:15 p. m., the doors opening at 1 and 7 p. m.

Twenty-two air conditioning units, installed at intervals around the circumference of the world's largest tent, make it comfortable for the thousands who attend the big show.

The new inaugural spectacle, produced by Charles Le Maire, former designer for the Ziegfeld Follies, is a streamlined pageant of almost unbelievable splendor. It is titled: "The World Comes to the World's Fair," and 2000 people and animals take part in its enactment.

Terrell Jacobs, renowned trainer, presents the largest group of performing wild animals ever assembled in America—50 lions and tigers in an amazing display.

Dr. Gans Issues Paralysis Warning

Discovery of a case of infantile paralysis in Redwood City last week led County Health Director Charles C. Gans to issue immediate warnings to all county residents.

Dr. Gans pointed out that infantile paralysis is communicable, occurs most often in the summer and early fall, commonly among children.

"In the beginning," his bulletin said, "it resembles any other contagious diseases. A child becomes restless or drowsy. He is feverish, irritable, and doesn't want to be moved. He is apt to vomit once or twice and may complain of headache or pain in the back or in the back of the neck. He is likely to be constipated but many have diarrhoea.

"More significant are a sore stiff neck and spine and pains in the back, arms and legs. Many of these symptoms are not unlike those in common upsets to which children are subject, but the most serious sign is the stiffness of the spine and neck, the child being unable to bend them forward . . . it is important to call a doctor early."

Bride-to-Be Honored At Miscellaneous Shower

Mrs. John Arteserros, Bellevue avenue, was co-hostess with her sister-in-law, Mrs. William Verbrugge, 62 Del Monte street, at a miscellaneous bridal shower at the Arteserros home Thursday evening.

Refreshments were served to eighteen guests.

NURSERIES HERE SERVE ALL NEEDS

Carry Attractive And Complete Lines Of Flowers, Shrubs

Whatever type of garden problem you may have, whatever type of begonia, petunia, chryanthemum, aster, daisy or pansy you may be looking for, chances are you'll find the answer at one of Daly City's nurseries.

These modern local nurseries raise large stocks of bedding plants, shrubs, flowers, in fact, everything for the beautiful garden. Moss lawns raised here are said to be the finest grown in the West. Tuberous begonias, dahlias, and other difficult-to-raise plants thrive in this climate. Ornamental shrubs are just that, ORNAMENTAL. Cut flowers and potted plants fit nicely into corners, window boxes and do much to brighten the home.

Local nurseries offer professional service at reasonable prices. Whether the problem concerns a public park or a small home garden, local nurserymen can show the best way to beautify it.

The new Daly City hall has recently been landscaped by the Lake Merced nursery; the Bryant-Daly City nursery ships plants to all parts of the bay area; The Cottage Nursery and Florist has a large retail trade locally and in San Francisco, and John Dennis Nursery features free delivery on all orders. Activities in the nursery line here are varied and interesting. They probably constitute the busiest, and certainly one of the most important, year-around industries in Daly City.

Mayor Advocates Beautification Plan

"We have everything right at hand with which to make Daly City one of the most beautiful cities in the State," Mayor Paul G. Selmi said today. "Daly City boasts perfect climatic conditions for gardening. Nurseries are all within walking distance of Daly City homes and the savings gained by buying direct make the cost of a garden negligible.

"Some of Daly City's yards are showplaces. **All** of Daly City's yards **could** be just as beautiful. Gardening is a healthful and pleasant hobby. The results are gratifying not only to the individual, but to the city as a whole.

"I therefore wish to state my wholehearted advocation of gardening as a means of making Daly City more beautiful, property values increase, and residential districts more inviting to the prospective home owner."

Tower of Pisa

The leaning tower of Pisa was intended to stand upright but the soil beneath gradually gave way on one side until the marble structure was 16 feet out of the perpendicular.

Area Comparison

The population of Canada is 10,000,000 people, and that of Europe, which has about the same area, is 450,000,000.

Garden Suggestions For September

Plants for Fall and Winter Color:

Fibrous Begonias — For pink, red and white flowers.
Pelargoniums — Geraniums and "Martha Washington" variety.
Fuchsias — For shaded areas.
Winter Stocks — Excellent for cut flowers.
Calendulas — Dependable for sunny areas.

Cuttings may be taken of

Geraniums, Japanese Quince, Weigelia, Spiraea and Cotoneaster.

Daly City Enjoys Year-Around Gardening Season

Alternate days of fog and sunshine bring to Daly City a year-around gardening season. Unlike other communities, whose seasons are sharply divided, climatic conditions here in summer and winter are little different.

Nurserymen say that fog is the best helper of plant growth and health, next to Old Sol, of course. Not only does the occasional mist cut down water bills, but it imparts a softness of color and a fineness of texture to flowers and shrubs seldom found in other areas.

All of these things are to the advantage of the amateur home gardener, who can dash out to his back yard any time of the year, drop a few seeds of this and that into the ground, and with the proper care (consult your nurseryman) can raise a yard full of beautiful flowers. In other words flower-raising and gardening is simpler here because seasons and weather do not have to be reckoned with in any respect.

Most people like to plan gardens. More people in Daly City would plan gardens if they knew how easy it is to get started. The chances for a beautiful garden are much greater with the weather already on your side. Daly City nurseries are always glad to help with timely suggestions—such as the variety and amount of flowers and shrubs your yard needs.

The home owner who plans a garden can do no better than to enlist the services of one of these local experts. He will be assured of the best advice and will have a better start toward a fine garden.

A nine-year-old girl, Barbara Jensen, was the sensation of the swimming carnival Friday night when she was declared winner of both the 25 and 50-yard events for women at the Jefferson Union high school pool.

Barbara has been swimming for only two years and was competing with girls approximately twice her own age.

Winners in the men's events were Otto Frerichman, for both the 25 yard and the elimination contests; Harry Johnson, 50 yard; Tex Conner, diving; Bill Humphrey, balloon stunt race; LeRoy Passafiume, candle stunt race.

Clown diving, diving from the rafters and miscellaneous splashing and swimming also contributed to the evening's fun. Coach John Matthews supervised t h e event, with Andrew Conaty and the Decadeers club, headed b y Arnold Panella, assisting.

D. C. Merchants Win In Eleventh Inning

Batting his second spectacular hit within the last week, Guisti brought in the winning run for the Daly City Merchants in the eleventh inning of Sunday's match with the Brisbane Merchants.

Between two and three hundred fans watched the tense drama from vantage points near the Jefferson Union high school diamond.

Guisti's winning hit brought the final score 6-5. Other players for the Merchants were J. Lucia, Pastorini, Campagno, Krohn, Hawley, S. Lucia, Schback and Davies.

Thirty-Day Layoff Affects Play Leaders

Becase of the 30-day layoff for WPA workers, the Woodrow Wilson and General Pershing playgrounds are temporarily closed for lack of supervision, according to Enid F. Tandy, local Recreation director.

The enforced vacations affect 9 of the 13 Recreation leaders here, he said, leaving only 4 workers on the job. It is hoped that more help may be available soon. Only the high school grounds and the horseshoe courts are under supervision at the present.

Mrs. Lela Campbell, sewing leader, will donate her time from 7 to 10 p. m. Fridays in order to keep her classes together, it was announced.

BETTE DAVIS PLAYS EMPRESS CARLOTA IN DRAMATIC FILM OPENING THURSDAY

Paul Muni Co-Stars In "Juarez" Title Role As Mexican President

The rank of empress is a fitting climax to Bette Davis' interesting career, for as the Empress Carlota, consort of Maximilian, ill-fated emperor of the short-lived Mexican monarchy, in "Juarez," the Warner Brothers production opening tomorrow at the Daly City theatre, she changes from an ideally happy bride, fulfilling the royal destiny to which she was born, to a woman for whom life holds no ray of happiness.

In the film, as in life, Carlota is a dramatic and often tragic figure. With Maximilian's empire cracking to pieces about him, she returns to Europe to try to persuade her royal relatives to send more European troops to the rescue of the American experiment with royalty.

Bette looks every inch an empress in her scenes with Brian Aherne, who plays Maximilian in the picture. They have the only love interest in the story, because Juarez, as played by Muni, is a fugitive president throughout the picture until the last few reels.

Bette has been cast with gowns, furs and jewels to match her role. Few players have ever found themselves dressed in a more magnificent wardrobe. Each costume was authentically copied from those worn by Empress Carlota herself.

A tragic and a lovely empress is the latest Academy Award winner in "Juarez." She is, indeed, a part of Hollywood's uncrowned "royalty."

Companion feature on the new bill is June Lang and Robert Kent in "For Love or Money," Universal's comedy of the New York underworld.
